Hi [REDACTED],

Hope you're well. All good here, all things considered...homeschooling a bit of a struggle at times. It's a long time since I've done any long division or multiplication without a calculator!

In terms of [REDACTED], can I ask that you direct any correspondence to our Development Planning team at: southeastplanning@cyfoethnaturiolcymru.gov.uk in the first instance. They will then liaise with the relevant staff in our Environment/Species Teams regarding the SSSI and protected species etc. I am not aware of any developments in terms of the SSSI management.

On the subject of the Eagle project I would suggest that you contact [REDACTED] [REDACTED] to get those discussions started. I've cc'd [REDACTED] above.

Best wishes

[REDACTED]

Subject: Making contact

Hi [REDACTED]

Hope you are surviving and thriving in all this? I thought I'd drop you a line to renew contact and alert you to a couple of things.

[REDACTED] we may be approaching you for a refresher scoping exercise quite shortly. Not sure if you've had any progress on agreeing site management for the SSSI, but it would be useful to know your thoughts on this.

Second is that I have a client who is warming up for a major reintroduction project in North Wales [REDACTED] and is seeking to have a pre-submission discussion with 'sensible' staff and 'real ecologists' at NRW - i.e. those who can look beyond the bureaucratic headache to the ecological/tourism merits. I immediately thought of you and offered to canvass your view on who (if not yourself - being South Wales) would be the names he should be seeking out. Any help you can provide would be much appreciated.

Best regards
